THE SPEAKERS

Bob Bell, Renault Sport Racing, Technical Advisor (formerly Chief Technical Officer), Renault Sport Formula One™ Team. The Renault R.S.18 chassis, is developed and manufactured in the UK, whilst the Renault R.E.18 power unit is developed in France.

Dave Speight, EDF Energy, Hinkley Point C, Head of Construction. EDF Energy is leading the UK's nuclear renaissance with the construction of a new nuclear power station at Hinkley Point C. This will provide low carbon electricity to meet 7% of UK demand.

Paul Whitehead, Highways England, Procurement Team Leader. The government has set an indicative budget of £25.3 billion for road investment from 2020-2025. Highways England is charged with delivering the strategy.

Chris Sleight, Moderator & Managing Director, Off Highway Research. OHR specialises in market research and forecasting in the global off-highway equipment sector, including construction equipment and agricultural tractors.

Alex Woodrow, Managing Director, Knibb, Gormezano & Partners (KGP). Headquartered in the UK KGP focuses on the Commercial Vehicle (Truck and Bus) and Non-Road Mobile Machinery segments including Agricultural Machinery, Construction Machinery and Materials Handling.

Robin Lapish, Supply Chain Manager, HS2 Ltd. Robin is responsible for delivering market and supply chain stakeholder engagement across the HS2 project. He engages with a wide range of stakeholders to provide market intelligence, communicate HS2 Ltd's requirements, build relationships and ensure suppliers remain informed, engaged and ready to compete for contracts.

Tin Lin, Supply Chain Analyst, HS2 Ltd. Tin is responsible for supporting market and supply chain stakeholder engagement across the HS2 programme. He works closely with the HS2 rolling stock, railway systems and main work civils leads to deliver high quality market research and analysis and communicate HS2 Ltd's requirements to the supply chain.

Your Invitation
